Ceeports® by Ihaleakalá Hew Len

While walking one day a few years ago, I was cleaning with the trees, hundreds of them. From my mind, I heard the voice of inspiration say, "When you return home, take out your Self-Identity through Ho'oponopono manual, turn to page 103 and read the second paragraph."

The second paragraph read, "CLEAN, ERASE, ERASE...and find your own Shangri-La. Where? Within yourself." I heard, "Take the first letter of each of the following words: 'CLEAN, ERASE, ERASE...' They read CEE. Now add the word PORT.

CEEPORT is nonstop cleaning, the process of coming home to yourself.

Ceeports® by Mabel Katz

I had the most incredible confirmation during my recent training in Spain. A lady that took the training in Barcelona was amazed by the results she had with the Ceeports®. The Lady is a geologist and does Feng Shui, she tried many different ways of measuring the energy. She did lots of tests on these products and could not believe the powerful energy found in these Ho'oponopono cleaning tools.

As this lady was so excited and impressed by her findings, she drove 218 miles from Barcelona to Valencia to purchase more. We told her that we could mail them to her and she said, "No, I don't want to wait, I will come to Valencia to get them."

I love it when I get confirmations like this one. It confirms what I always tell you, "I know they work, but I can't explain the power of their energy in a way that the intellect can understand, but let me share what I know."

As I have said many times, "the mind can manifest anything that you can imagine." This sounds great, but we aren't conscious of the millions of thoughts playing in the background of our mind, our unconscious mind. These unconscious thoughts (memories) are continually undermining our positive focus. Unfortunately, we can't control these thoughts and memories because we aren't aware of them.

We usually tell God what, how and when we want it. We treat him as a concierge. How do we know what is right and perfect for us? The truth is we just need to give God permission, and then allow him to do the work. I have found that Ceeport® products are the easiest way to open up the subconscious mind and let go and let God.

Let me tell you more about the actual products as there are many types to choose from. The effect of each product varies depending on the person, but the source of the energy knows what is right for you and if you allow God access you have done your part. There are Ceeport® Cards and Ceeport® Bookmarks. Also Ceeport® Pins you can wear on clothing. Ceeport® offers Seals you can attach to computers, cell phones, home and office furniture, building structures and even important documents. These products also act as constant reminders to clean using the Ho'oponopono cleaning techniques, "I Love YOU and Thank YOU." I always remember what Dr. Ihaleakalá Hew Len said, "We need all the help that we can get."

The lady in Barcelona told us about one of the methods she used to measure energy, she put a Ceeport® Seal on the water filter to her home, and she confirmed that it created high levels of energy to the water.

In your daily life filled with so many things it is easy to forget to clean, so I wanted to take this time to share Ceeport® products as a way of encouraging you to constantly use Ho'oponopono cleaning tools. Ceeport® products will clean 24/7. They will clean when you forget to clean. You can use them sitting at your desk working, pinned to your clothing, in glasses, they will not only act as reminders, but will allow God who knows what toxic memories you are ready to let go of, do His work, so you will be right at Zero and start attracting what is right and perfect for you.
