## **Dame Mabel Katz: On A Mission for Peace, Empowering Children, and Encouraging Accountable Adults**

*Continuing her life-changing/world transforming work, Ms Katz heads abroad in May.*

Dame Mabel Katz is a popular author, a sought-after keynote speaker and an inspiring seminar leader. She is also a leading authority on Ho'oponopono, The Easiest Way, a timeless art, philosophy and practice originating in the Hawaiian Islands. Since starting her work over a decade ago, Ms. Katz has spoken for peace in more than [30 countries and 60 cities](#) throughout Europe, the Middle East, Asia, and North, Central and South America.

Honored with the prestigious 2012 Mil Milenious de Paz Peace Flag, acknowledging her world-peace initiative, *Peace Within Is World Peace*, she was officially recognized as one of the world's pre-eminent Peace Ambassadors. She has addressed national senates, presented at the United Nations, and is committed to promoting peace in a troubled world. Toward that end she is embarking on a tour of several countries in Europe, the Middle East and South America. In Israel she will work with Palestinian-Israeli groups – both children and adults – promoting communication, understanding and harmony.

Particularly energized about working with children, she notes: "We need to start with the children because we cannot allow them to go through what we went through. If they are happy, they will create happy communities, happy schools, happy businesses and happy and peaceful worlds. If they love and accept themselves, they will be able to love and accept others. If they know they do not need to be perfect, but that they are unique and perfect the way they are, they will admire differences, appreciate diversity and respect others."

Ms. Katz recently completed a trip to a number of cities in Mexico. She presented at **University Albert Einstein** near Mexico City, which has a focus on peace education and environment. She spoke to students and parents about the importance of 100% responsibility in order to bring more peace to our lives and the world.

Aware that world peace starts locally, Ms. Katz's also focuses on empowering women and promoting peace in relationships and families. She has passionately addressed this most notably in her presentation to 10,000 women at Mexico City's Auditorio Nacional. The event was organized by **Retos Femeninos**, an organization against women's abuse.

In Guadalajara she spoke to **Fundacion Pas**, which works to prevent child abuse, and **Mujeres Empresarias**, a businesswomen's organization. Her theme for that session was the importance of 100% responsibility and the imperative of parents to be happy first, in order to grow happy children.

She also presented at **Centro de la Amistad Internacional** which serves abused children and addiction victims. Her program there ended with children flocking to the stage to hug, hold hands and sing Alejandro Lerner's song, *Para Cambiar el Mundo (To Change the World)*. Upon completion, she was presented the Key to the City as acknowledgment of her outstanding work.
