

The Easiest Way Special Edition

Read what others say about the two books that make-up this Special Edition:

I have just started to read your book The Easiest Way which I think is fascinating. ~ Annie, Hong Kong

Last December my aunt gave me a copy of Zero Limits. I picked up the book and have been cleaning ever since. After she saw my enthusiasm, she also gave me The Easiest Way by Mabel Katz. WOW is all I have to say. This has changed my life. I have lost 45 pounds, my dermatitis has all but vanished, I feel alive, full of energy and love. The great part is now I have people asking me and my children what is different, I am glowing I have even been told. I will be 40 in April and feel like I'm in my twenties. Thank you for sharing this with the world. Clean clean erase erase. There is much work to be done. Peace begins with me. ~ Melanie, Southern Oregon, USA

"With Ho'oponopono you will learn to take 100% responsibility. Ho'oponopono helps you to let go of what is not you." This is from Mabel Katz's book, The Easiest Way. I highly recommend this book and also The Easiest Way To Live. These books have changed my life tremendously! Peace begins with me. ~ Camelia, USA

Hi Mabel, how wonderful to have all I need in one little book and the added additional questions and answers in the new edition. I am amazed each day as I read a page or two that it is always fresh and comes with greater awareness and understanding. I am also amazed at how the book has that written by God today feeling and is continually updated and expanding in awareness and understanding as you do and as I read and let go of more and more memories. I feel like tons and tons of stuff have fallen away and feel very light these days. Am a new person in many ways and of course daily life reflects that. For me there is nothing available today that compares with "The Easiest Way" book and the work you are doing throughout the world! Peace of I, ~ Jimmy, North Carolina

Dear Mabel, Just want to let you know that I have read your two books on Ho'oponopono several times and went through most of your 40 days and 40 nights series and have had very good results. The main success is to be able to go to a state of peace and calmness pretty much instantly by cleaning....."I love you..Thank you." Continue your good works. ~ Bob, Texas, USA

"The book is an interesting read with much food for thought and provides refreshing options for solving problems and reducing the stresses in everyday life," ~ Tony , Los Angeles
