

The Zero Frequency® in Management Workshop Minimum Effort, Maximum Results

For Management and the People They Manage

People who manage others face countless daily challenges that require immediate solutions and demand a wide range of skills. To be truly effective they must be able to assess situations clearly, open their mind and think outside the box.

However, science tells us that more than 90% of our thoughts are unconscious. It is these unconscious ideas, based on the traumas of our past that influence our decisions, opinions, judgments, and expectations and prevent us from perceiving with true clarity. They direct us away from experiencing the inner peace that is the environment in which breakthrough performance is incubated. These unconscious thoughts incessantly whisper to us that things are not okay, amplify challenges into problems, and block us from being our best and seeing the best in others.

The Zero Frequency® in Management workshop, created by internationally acclaimed speaker and facilitator Mabel Katz, teaches how get free of these unconscious roadblocks and be firmly in the present. From that clear place we rediscover our innate strengths and talents. We return to a pure state of

being from which we perform at optimum. We call this clear state “Zero Frequency®.” At Zero, we are in dynamic balance within ourselves and with literally everything outside of us.

Leading from Zero

When we lead from Zero, we bring to the table a palpable inner peace, confidence and strength. This not only positively affects our performance but the performance of those around us.

Tuning into Zero Frequency® allows us to make management decisions that are clear and focused, free of the worry produced by our minds, and the constant negative chattering and

analyzing. This peace of mind welcomes the awareness of solutions for business issues that previously seemed insurmountable.

People applying Zero Frequency® principles consistently find they naturally:

- Create a calm and balanced work environment
- Lead from inspiration and discover that everything flows effortlessly
- Release the stress that blocks success
- Are happier and more productive (and so are those they manage)
- Encourage confidence and creativity in themselves and others
- Begin working at their full potential and inspire their team to also do so
- Are open and flexible to new ideas and perceptions

As those in management positions gain clarity and find more meaningful purpose in their work, a cooperative working environment and synergy between co-workers emerges. They generate a powerful energy around them that people respond to and want to be a part of. When managers learn to allow inspiration to come to the forefront, they find the perfect decisions and solutions appearing effortlessly. Success and productivity automatically increase.

Harnessing your power and the power of your people

People are a company's greatest resource. Those in management must realize that each person has powerful inner strengths that, for many reasons may not be readily apparent. Being at Zero allows managers to discover their own talents and to recognize the talents of others. It also brings to awareness how to direct workers' passions and purpose for the mission of the company. When workers are aligned with their work, they experience greater happiness and fulfillment, which will naturally produce an outstanding performance.

Expanding transformation

When new awareness gained from this workshop are integrated, profound positive changes are inevitable. It starts with the leaders, and when leaders change, employees respond, the work environment becomes energized, and greater efficiency and productivity result. Unlike with many types of change, Zero Frequency® change is a sense of peace that prevails. This peace persists no matter what is going on in the environment, and situations are seen from a pure state of mind, without fears or judgments, so new solutions effortlessly surface. A worker strengths rather than defects become the focus and are more readily addressed, so their deficiencies are easily overcome. Greater success is always the final outcome.

Many seminars focus on adding skill sets to improve performance. Zero Frequency® promotes the exponential increase in effectiveness of existing skills and talents and the discovery of innate abilities previously inaccessible due to unconscious beliefs and habits of thinking.

What Is Zero Frequency®?

The work Mabel Katz does is based on the unique concept of Zero Frequency®. It involves accessing a state of awareness where confusion and limiting beliefs simply are not present. It is a natural state, and is, in fact the state we are in as young children, before we acquire “knowledge” that tells us what we can’t do.

Reaching Zero Frequency® we are able to see situations much more clearly and make effective choices that become immediately apparent once the static of the mind stops. We experience intuition and inspiration and become much more creative at solving previously insurmountable challenges, at work and in our personal life.

As Mabel puts it, “When we are at Zero, we are our authentic selves, able to access our true talents and natural gifts, happy and at peace. We are in the flow, whatever is right and perfect for us coming to us easily and effortlessly.”

With practice, Zero Frequency® can be reached quickly and easily, and regardless of situations around us. It is accessible in the face of apparent crises at work, upset co-workers or superiors, or difficulties with family or friends. With heightened clarity, excellent solutions

are more easily perceived and achieved, worker relationships improve, and tasks are accomplished more quickly with greater efficiency. Confidence increases based on this enhanced clarity and improvement in work performance.

Like children, great artists and athletes frequently experience the state of Zero Frequency®. They call it “being in the zone;” that place of peak performance where the mind is still and time seems to stop. They train themselves to access this state, striving to reach and stay in that awareness. When we can learn to let go and get back to the state of pure awareness, like those athletes, we find we become more aware, conscious, and in balance, in tune with the limitless possibilities that come from the newly accessible source of all inspiration, instead of our old memories and programs.

Science tells us that we are only conscious and aware of a mere sixteen bits of information per second, while our minds are producing eleven million. These thoughts and data are playing in our minds constantly, however we are unaware of them because they exist in our subconscious. Zero Frequency® works on the eleven million thoughts buzzing around in the deepest part of our minds that cause the static and uncertainty.

Zero Frequency® is about listening to our inner voice as it solves problems through inspiration instead of our programming; those memories that created our problems in the first place. The heart of the process is problem solving through gratitude and forgiveness. When we respond with gratitude to those things that have caused difficulty in our lives, asking with pure intent to clean and erase those programs, we reach the state of Zero Frequency®. At that point, for reasons that science is still trying to understand, the challenging problems seem to self solve and go away.

Mabel Katz has assisted tens of thousands worldwide in reaching Zero Frequency® and applying it at work and in their personal lives. She is available for keynotes, talks and Zero Frequency® workshops geared to the needs of your organization. The enclosed materials describe these in detail.
